High Gloss Surfaces

Our Synchronicity High Gloss program raises gloss desirability by a factor of three. From an array of solid colors to attractive wood grains and intriguing patterns, our three gloss material options are each crafted with their own unique qualities, establishing multiple price points...but all offer exceptional durability, heat and scratch resistance, UV protection from color fade, and easy cleaning and care.

Drawer Construction Reliability

It's the brawn behind the beauty...classic English dovetail construction that is the foundation of our custom door box program. Crafted of the finest beautiful hardwoods, protected with a durable clear satin finish to preserve that beauty...and the custom sizes and functionality that have made them the master cabinetry craftsman's drawer boxes of choice.

Range Hoods

There is something about range hoods that makes them a special element in the kitchen. Their very nature gives them the ability to become a truly uncommon focal point of the room. For this reason, we continue to place uncommon emphasis on expanding our range hoods to offer new and exciting mantle designs, transitional hoods, elegant European styles, island hoods, and much more...all in sizes to accommodate nearly any space.

Mouldings

Time to complete the look! From crown, to light rail, to baseboard and trim, these seemingly simple additions add so much – at the ceiling, at the bases of cabinets, at the floor – complementing a room's design with alluring subtlety. These are among the details that elevate great to extraordinary.

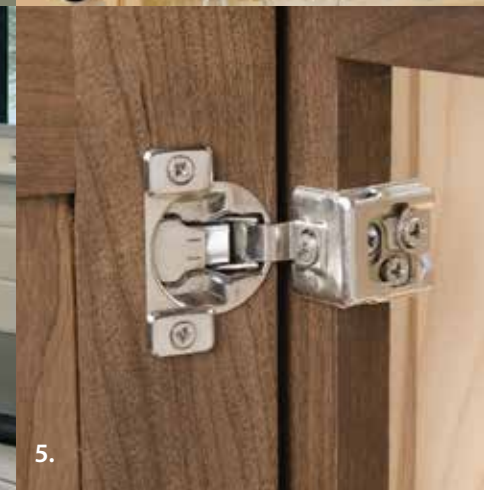

All products on this page are shown in Hard Maple with Cadet Grey Colourtone and Coffee glaze.

Incomparable Integration

Enhancing cabinetry with carved accents and functional accessories is all about personal taste. Some desire the distinctively ornate... others, simple and understated. Some feel it in that middle ground. But it's the flawless integration of these complementary components that makes all the difference...that seamless blending of the perfect touches that invariably evokes the resounding response, "yes...that's it. That's exactly right!"
